Carlisle SynTec Systems Honors Stybek Roofing Ltd. with 2024 Perfection Award

(CARLISLE, PENNSYLVANIA) – Carlisle SynTec Systems, a leading manufacturer of single-ply roofing materials, recently honored Stybek Roofing Ltd. with its 2024 Perfection Award. The Perfection Award is an annual distinction that recognizes Carlisle’s most quality-oriented Authorized Applicators.

To qualify for the Perfection Award, Carlisle Authorized Applicators must complete a minimum number of warranted jobs and install a minimum amount of warranted square feet per year. Those with exceptional installation quality that results in a warranty claim performance that ranks in the top 5% of all U.S. and Canadian applicators are eligible to receive the Perfection Award. The Perfection Award is Carlisle’s way of recognizing its Authorized Applicators who are committed to perfection and quality on every Carlisle installation.

“It’s a pleasure to acknowledge and thank Carlisle Authorized Applicators who are committed to top-quality workmanship,” said Kevin Somers, Carlisle’s Director of Sales. “Perfection Award winners demonstrate their dedication to excellence on every installation, and Stybek Roofing Ltd. exemplifies this mindset,” Somers continued.

About Carlisle SynTec Systems: Carlisle SynTec Systems, headquartered in Carlisle, Pa., has been manufacturing single-ply membrane roofing systems for more than half a century. Carlisle SynTec Systems is a business segment of Carlisle Construction Materials, LLC, and has manufacturing facilities in Carlisle, Pa., Greenville, Ill., Senatobia, Miss., and Tooele, Utah.
